MACD DARTS FALL 2018 – 07 THUR LEAGUE NOTES

MACD office 414-645-3256 / e-mail: macddarts@gmail.com / website: www.macdleagues.com
Hours are Mon-Fri / 8:30 am – 5 pm. – Karen or Ralph

No new players will be allowed after Week 14 (Jan 17) without office approval. We recommend having all subs play at least once before this deadline.

Please put your players' first and last names in the dart boards. NO NICKNAMES ARE ALLOWED. Contact our office (phone/e-mail listed above) ASAP to have any names fixed (nicknames, wrong spelling, etc....), add players, drop players, or move your line-up around to make it easier to enter your team...

Make-up match pending from 10/04 – Club 99 vs. The Bottle

- \ All **players** that have shot **3 or more weeks** must pay a sanction fee of **\$8.00**. This fee is the NDA (\$8/player) sanction fee. It is a 'once-a-year fee and is due the night you shoot you 1st match. If you paid your NDA sanction fee with *another* league (Reds, Sam's, etc.) please inform our office, **NO LATER THAN DECEMBER 1ST** as to which league, night and team. If the fee is not paid by the end of season you will be penalized via your prize check. **DO NOT** insert this fee into the dartboards. (There is NO sanction fee due in the Spring/Summer league season).
- \ WAMO's sanctions per TEAM and that fee is **\$12 per team**. This fee will be taken out of **EACH TEAM's** prize check at the end of the season.

If the NDA fees are not paid by the end of the season they will be taken out of your prize checks with an added \$1 fine.

The column next to your name on the standings will show Y = Yes (if paid) / N = No (if not paid).

FREEZE RULE BUST - All league dart boards are set to *automatically* give the correct team the *win* when the freeze rule has been broken. The dartboard will display "**FREEZE RULE BROKEN**". If someone takes out a game that was frozen and this is not displayed, please inform the office as soon as possible. Make sure to inform the office which set of games it happened in – "301" or "501" so we can properly look into it.

Not all boards will let you know if you are frozen (actually should be turned off) so make sure you and your team pays attention (pages 7 & 8 of Rule Book).

HANDICAPPING (see below). New players can use their PPD from last year (there is a list on the website "FALL '18 Player PPD LIST). If the player is not listed they use 25.00 PPD.

SPOT POINTS HANDICAPPING

Spot Points is a percentage based handicap method using a player's Points per Dart (PPD). In each match players are compared to the highest PPD in the game to determine their starting score. **Note: The Arachnid League System calculates these values automatically (see below).** The best player will always start at the highest X01 score. The rest of the players could have anywhere from the minimum starting score to equal with the highest player. "301" Minimum starting score is 301 and Maximum starting score is 361. "501" Minimum starting score is 501 and Maximum starting score is 601.

This is the only handicapping and ALL PLAYERS ARE "OPEN" OUT.

New player PPD: A list of players' PPD from the previous year is provided on the website. Please refer to this list when bringing in ANY player that has not shot for this particular team and season. **New players added will use their previous season's PPD.** If this new player is not on this list, he/she will use a 25.00 PPD. When entering the new player's name in match set-up, you will have to enter the correct PPD manually (Hit the UP arrow on the dartboard, and then enter the PPD rounding it to the nearest tenth {ex. 23.27 would be entered as 23.30}). You can also contact the league office *at least 24 hours* in advance of the match to have your subs name and PPD entered.

Upcoming tournaments next page....
